

WINXVERSE Technologies

At Winxverse Technologies Pvt Ltd, we specialize in delivering high-quality, affordable, and scalable digital solutions tailored to your business needs. Our goal is to help startups, small businesses, and growing enterprises establish a strong online presence and streamline their operations through technology.

1. Website Development

Pricing: ₹5,000 – ₹10,000

(Domain & Hosting: Client-owned)

We design and develop professional, responsive, and user-friendly websites that represent your brand effectively.

What we provide:

- Custom website design (business, portfolio, landing pages, etc.)
- Mobile-friendly (responsive) design
- Basic SEO setup for better visibility
- Fast-loading and secure website structure
- Contact forms and inquiry systems
- Integration with social media platforms
- Admin panel (if required) for easy content updates

Perfect for:

- Small businesses
- Personal brands
- Startups
- Local services

2. Software Development

Pricing: ₹20,000 – ₹30,000

(Domain & Hosting: Client-owned)

We build customized software solutions to automate and simplify your business processes.

What we provide:

- Custom business management systems
- Billing and invoicing software
- Inventory management systems
- CRM (Customer Relationship Management)
- Role-based user access systems
- Data management and reporting dashboards
- Secure login and authentication systems

WINXVERSE
Technologies

Perfect for:

- Saves time and manual effort
- Reduces errors
- Improves business efficiency
- Centralized data management

3. Mobile App Development

Pricing: ₹15,000 – ₹30,000

We create lightweight, efficient, and user-friendly mobile applications to help you reach your customers directly.

What we provide:

- Android mobile app development
- Clean and modern UI/UX design
- Integration with your website or software
- Basic backend connectivity (APIs)
- Push notifications (if required)
- App deployment guidance (Play Store support)

Perfect for:

- Business apps
- Service booking apps
- Simple e-commerce apps
- Customer engagement apps

Important Note:

- Domain and hosting must be purchased and owned by the client for website and software projects.
- We can guide you in choosing the best hosting and domain providers.

Optional Service (Hosting by Winxverse Technologies)

- If you prefer, Winxverse Technologies Pvt Ltd can provide domain and hosting services on your behalf.
- In this case, it will be offered on a monthly or yearly subscription basis.
